About the Makeup Artist

My signature style blends timeless glow with understated elegance inspired by the quiet beauty of Bruneian women.

Refined, radiant, and effortlessly graceful.

Hi! Im Nona, a Bridal Makeup Artist based in Brunei, with over 5 years of experience helping brides feel confident, radiant, and truly themselves on their special day.

My signature style leans toward refined radiance, it is a makeup style that enhances your features while letting your natural beauty lead. Whether it's for your nikah, bersanding or other special events, I aim to create a look that feels elegant in person and photographs beautifully for years to come.

Something I truly value is that clients often say I bring a calming presence to their special day. Many also share that I take the time to listen and understand their vision, and that

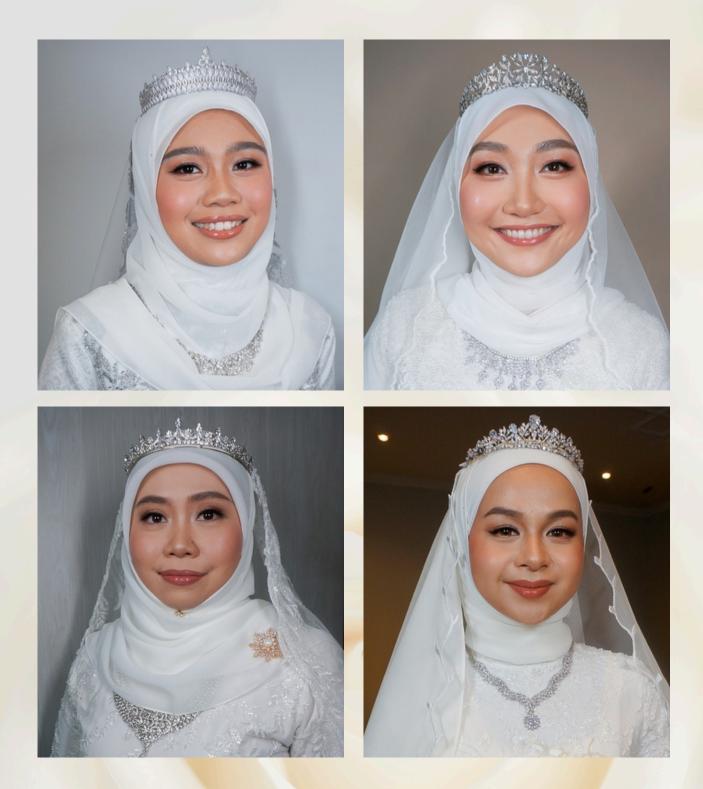

I'm able to bring it to life in a way that feels true to them.

I believe that on your wedding day, you deserve more than just good makeup. You deserve someone who pays attention to the little things, honours your day and shows up with care.

Every brush stroke is intentional, every look tailored because no two brides are ever the same.

SOFT FOCUS GLOW

My go-to for Nikah brides in white. Soft, romantic and timeless.

Think earthy tones & rose-tinted cheeks with naturally radiant glow.

It's the kind of glam that looks effortless but feels special.

VELVET GLAM

Soft-focus skin paired with deeper definition on the eyes. A look that's polished, romantic, and just the right touch of drama.

Perfect for evening moments

GOLDEN HOUR GLAM

For brides who want that extra ummphh.

Usually paired with songket or regal looks, giving that sultry vibe. This look brings the drama; bronzed, sculpted features, and a glow that commands presence. Perfect for songket, sanding events or nikah with a bit more edge.

CLASSIC PRIMADONA

A nod to the golden era of Malay Beauty.

Bold lips, radiant skin and features that echo the charm of a primadona.

This look shines best for Malam Berbedak, where tradition meets full glam elegance. Confident, classic and unapologetically bridal.

PRETTY IN PINK

Some brides say, "Up to you," and when I see a cool coloured outfit, I know exactly where to go. This look is sweet and balanced; soft pink tones on the lips, eyes and cheeks giving more warmth to the cool tone ensemble.

Feminine, fresh and still you.

TIMELESS BEYOUTY

Makeup is never one-size-fits-all.

This page is a love letter to my beautiful clients of all skin tones.

The glam always adapts, but the signature feel stays the same.
